Message

I am delighted to know that Sainik School Mainpuri is bringing out its fourth annual school Magazine "The Sampurian" for the session 2023- 2024.

I appreciate that apart from academic excellence, the school is providing a platform for the cadets to showcase their talents and skills through the school magazine.

I extend my best wishes for a successful publication of the Magazine and hope the school will achieve greater heights in future.

MESSAGE

1. It gives me immense pleasure to learn that Sainik School Mainpuri is bringing out the annual school magazine, 'The Sampurian 2023-24'.
2. School Magazine plays a vital role in cultivating new talents in an educational institution and helps in exhibit and develop the quiescent thought, ideas and creativity of the tender minds.
3. I am sure that Sainik School Mainpuri will play an important role in preparing young boys to qualify academically, physically and psychologically for a career in armed force.
4. I wish the Principal, staff and cadets of Sainik School Mainpuri, success in all their future endeavors in shaping the school as a nursery of military leadership.

Jai Hind!

Lt Col Agnivesh Pandey
Principal Sainik School
Mainpuri

सत्यमेव जयते

“Everyone has inside of him a piece of good news. The good news is that you don’t know how great you can be! What you can accomplish ! And what your potential is!”

- Anne Frank from ‘The Diary of a Young Girl’.

1. I have been associated with Sainik School Mainpuri since its inception. During my tenure, as the head of the institution, the school has prodigiously been growing in all its aspects.
2. I have always believed in creating an atmosphere of cooperative spirit and fruitful interactions with parents, teachers and students that focus with great clarity on what is essential, what needs to be done and how to get it done to realise the vision of Academic Excellence and overall development of students which is the hallmark of the school. I have always believed in the power of a leader to make a difference in a child’s life by empowering them with the ability to dream and strive to fructify those dreams.
3. Not only does Sainik School Mainpuri ensure a well-mapped out educational program, but it also ensures edu-care. It is extremely well thought out and implemented, where curricular as well as co-curricular activities consistently work to build the students’ persona, which is so vital for young individuals once they step into the wide world. Of course, all schooling at a basic level is about educating the mind, and we are meticulous about monitoring the development of the mind as well as the body with the help of personalized attention and sound work habits.
4. I take this opportunity to thank God Almighty for his benevolence, generous blessings showered upon our institution through various people and events. I would like to thank each and every staff member for their constant amicable support towards the institution. I want to thank all the students of Sainik School Mainpuri for their contribution and important role played in the school to take the school to a greater heights. I thank all the parents for their support and cooperation.

Lt Col Agnivesh Pandey

1. Each issue of our school magazine is a milestone that marks our growth, unfolds our imagination, and gives life to our thoughts and aspirations. It unleashes a wide spectrum a creative skills ranging from writing to editing and even in designing the magazine. I congratulate the entire Editorial team for their hard work and dedication in making this venture a success.
2. I must express my pride at the fact that the school is working unrestricted , providing to its students a conducive environment for all round development and learning. In the 21st century ,the digital revolution is affecting all. In this era if a child's work is appreciated, it results in heightened self –esteem, which in turn results in self motivation and enables the child to develop as a whole. “To find what you seek in the road of life- leave no stone unturned.” At Sainik School Mainpuri, we aim to provide a broad based, well balanced and relevant curriculum. We are always looking for new ways to involve parents in school life and to keep them informed about the things we are doing.
3. We, at Sainik School Mainpuri believe that each child is a genius, waiting to be discovered. What he needs is love, appreciation, and gentle but firm support that would give him wings of confidence which will help him become an Indian Armed Force Officer.

With Best Wishes!

Sqn Vijay
Adm Officer

EDITORIAL

EDITOR'S DESK

Suprabha Chauhan
TGT English

Dear Readers,

As the bond between every reader and us grows stronger every year, we are ready every year with an annual edition of 'The Sampurian'-A lively expression of the children's expedition from the unplumbed to the ascertained.

Every edition is a window to the children's creative urges setting the realm of imagination free and capturing them beautifully in words. The enthusiastic write ups of our young writers are indubitably sufficient to hold the interest and admiration of the readers. This souvenir is indeed a humble attempt to make our budding talents give shape to their creativity and learn the art of being aware. Any publication's success depends upon our power to perceive, the power to observe and the power to explore. We try to put in relentless efforts to bring excellence in this treasure trove.

In this issue of our school magazine we have endeavored to capture all the creative excellence and imagination that our cadets possess. The debut young contributors have come with the fresh ideas, new thoughts, diverse writing styles and painting skills with the promise of proving them mettle.

We would like to express our deep gratitude to our Honorable Principal Lt Col Agnivesh Pandey for his constant support and encouragement to overcome all the obstacles that come our way.

Hope you have a happy reading as you glide through the white leaves of this magazine.

Thank You!

ANNUAL REPORT

PRINCIPAL'S ANNUAL REPORT

May be there is a road ahead of it,
May be there is a new world down the road,
Walking forth is the only plight,

Because we didn't come this far to come this far only.

A heart filled with inspiration is all that we know since the very existence of Sainik School Mainpuri and that is what gives us the ambition of marching forward till excellence is achieved in all our endeavors.

Ladies and gentleman, the resplendent campus of Sainik School Mainpuri, an infrastructural masterpiece, is located on Agra- Mainpuri Road, approximately 6 kilometers from main Mainpuri city. The total campus area is 50 acres.

Academics has been and will always remain in the forefront of any school's functioning and my heart swells with pride as I share that our 5th Academic session was as rewarding as the last 4 other years as we achieved a spectacular result of 100% through all the classes from 6-9. The entire family of Sainik School Mainpuri shone in the glory of the spectacular results. I am extremely pleased to inform you that in the academic year 2023-24, our students achieved towering heights of success and accomplishments in both academic as well as in co-curricular activities. In class 9th Cdt. _____ marvelously scored a whopping _____%. Cdt. Priyam Kumar of class 8th bagged the first position with 97 % of marks. _____ showed an exemplary performance scoring _____% marks.

The school in order to reach the acme, is striving for perfection and galvanizing its staff and cadets to be fit in all sort of circumstances and performing the various activities conducted. The school has an excellent infrastructure and offers a wide range of opportunities to realize optimum potential of the cadets. We are gratified to announce that our school witnessed the Zonal Meet held at Sainik School Rewa wherein our cadets won the basket ball match, 2nd position in English Debate, , 2nd position in 100x4 Relay Race, 2nd position in individual 400 m Relay Race and also won in the category of the most Disciplined school.

The school has been celebrating different literary activities like Debates, Extempore, Speech and Spell Bee competition etc. Hindi Pakhwada was celebrated within which were conducted a a series of activities as Poem Recitation, Essay Writing, Poster Making and Shloka Recitation etc. We are filled with admiration and praise to see that this academic session highlighted different talents and qualities hidden within the cadets. The ace performances by the smart cookies of Sainik School Mainpuri in almost all the facts of learning and action are no flash in the pan. Rather the success is here to stay. To provide cadets a wide exposure, the school has been sending its cadets for different educational excursions, and in the same order, class 6 & 7 visited Sankissa, a city known for its pivotal role in Buddhism, On 29th Oct' 23 and 11 feb' 24 respectively.

An excursion to Lion Safari for class 10 was held on 17th March' 24. The school has been sending its teachers for the teachers' training program held at IITE Gandhinagar. The school is frequently visited by different dignitaries at regular intervals to witness its state of progress.

A considerable increase in number of enrollments consecutively for 5 years is one of the testimonial by –products of our conviction, success and progress. The school has contemplated over the deficiencies very diligently and got down to the brass tacks to realize the true aim of education viz imparting holistic education wherein inter alia building, academic brilliance, soft skills such as social skills, communication skills, personality traits, emotional intelligence were infused into the young pupils that would enable them to navigate their environment, work well with others, perform well, and achieve their goals with complementing hard skills. The learners need to understand their own culture and history, as well as their own geographical, scientific and spiritual theory and language. The school's academic environment is constructed such that they are able to develop their knowledge and interest in these areas in an international context and around the global world in which they are born and will live. The school focused on Prime Minister's initiative, Fit India Movement so as to inculcate interest to maintain a healthy lifestyle. Keeping in view the same, the school conducted No fuel Day, Paryavaran Suraksha March, Paryavaran Jagrukta Abhiyan and International Yoga Day etc. Our school emphasized on this great movement and implemented Yoga and other physical activities for the holistic and spiritual awakening of the child. It brings joy for living and helps us in maintaining a harmonious life. The teachers regularly made them aware of its relevance as it improves their concentration to excel in their performance. Our students are well trained academically and techno savvy to face challenges in global and highly competitive environment. We have focused session on special topics including health and hygiene, basic life skills, Disaster management, career counseling leadership skills, and career planning etc. The holistic and overall has always been our goal. The school has always been conscious about the environment and has done many activities which motivate people to reduce their carbon footprints.

Sainik School Mainpuri's academic ethos focus on encouraging the students to utilize their talents, and develop their intellectual and creative interests so that they remain interesting and interested young braves for the rest of their professional and personal lives.

HOUSES

RIGVEDA HOUSE

"युक्तियुक्तं प्रहाणीयात् बालादीपविचक्षणः"
अर्थः-
बुद्धिमानको बच्चों से भी युक्तिपूर्ण वचन ग्रहण करने चाहिए।

This inspiring shloka means "Let noble thoughts come to me from all directions".

Our House traces its name from the oldest veda "RIGVEDA", which is considered at first of all four Vedas. Rigveda states "The knowledge of verses". It is the collection of Vedic Sanskrit hymns [suktas]. Composed in Sanskrit, that originated in Ancient India [1800 – 1100 BCE] by Maharishi Veda Vyasa.

As the blood is red our House is also denoted by red. The red House/ Rigveda House depicts our time less wisdom, worth & passion, we wish to create individuals who have the ability to apply knowledge in an insightful way. They would be free yet responsible, fearless, humble & would soar with their feet rooted to tradition .

We started our session with a great zeal and enthusiasm & our house participated in all the activities conducted. Our house won first prize in Antakshari, Science Quiz and English Debate Competition.

We also proved mettle in academics as Cdt. Divyansh Chaudhary ,Cdt. Laxman, Cdt. Shubhant Sharma and Cdt. Ashish Pal excelled in

academics by showing their brilliant performance. In NTSE Exam, cadets performed really well . The topper of the same exam Cadet Ashish Pal is also from Rigveda House. Cadet Vishal Yadav and Cadet Ritesh Gupta also won the Gold Medal in the exam.

For all our achievements we are really grateful to our House staff, their dedicated efforts and mentorship, with the help of them, Rigvedians managed to end the session on pretty gratifying note and made the House flag fluttering high, we all assume that we will continue the wonders in the coming session. Rigvedians are determined not to rest and to just achieve the heights of success taking inspiration from our glorious past. We strive to be best.

SAMAVEDA HOUSE

" रिक्तः सर्वो भवति हि लघुः पूर्णता
गौरवः "
अर्थः- चीज़ खाली होने से हल्की बन
जाती है, गौरव तो पूर्णता से ही
मिलता है।

With the above highly motivating Sanskrit shlok We, the Samavedians got our House name from one of the four Vedas that is Samaveda. Samaveda is the second Veda which denotes "melodies and chants." Samaveda is known as store house of knowledge of chants. Samaveda House has got colour green which has healing power and is understood to be the most restful and relaxing colour for the human eye to view. Green can help enhance vision, stability and endurance. The green stands for our peaceful attitude that aids in exploring creatively in its most beautiful form.

Our cadets have been performing their duties to their level best and have been showing great efforts . Our house follows the discipline rigorously.

Our external and gushing flow of creative thoughts clubbed with spontaneity makes us unique and rare. Cdt. Aditya Kumar led the Basketball team in Zonal games. He was also given the best player prize from GOC Maj Gen Alok Kacker. Our house won the first rank in Inter House Volleyball and Basketball matches. We also won the annual athletic competition in (4X100) m, 200 m . In EBSB Quiz competition, Samaveda House got the second position.

In Hindi pakhwada, our house got second position in Poem and Shloka Recitation competition.

Cdt. Harshit pal in senior category bagged 3rd position in Hindi Debate Competition. Cdt Shubh Agnihotri got the best player prize in junior category Volleyball Match.. Cdt. Vivek Kumar Gautam got the best speaker award in Speech

Competition.

Cdt. Rajat Chaurasiya got the first prize in Poster making competition under EBSB.

In Hindi Debate Competition, Cdt. Aditya Kumar stood first. Cdt Arjun Gupta stood first in Poster Making Competition. In sports we have calibre sportsman like Cdt. Bhanu Pratap, Cdt. Himanshu Kumar, Cdt. Vinayak Singh, Cdt. Sumit Yadav, Cdt. Harshit Pal, Cdt. Aditya Kumar, Cdt. Ankit Kumar who are wonderful in the field of sports . Cdt. Bhanu Pratap won silver in (100 meter) and gold in (200 meter) race. Taking inspiration from our past, we will endeavor hard to carry on with it in the coming future and thereby keep our enthusiasm motto - "Our words exhibit our nature, the type of person we are and the way we think."

YAJURVEDA HOUSE

" सिंहवत्सर्ववेगेन पतन्त्यर्थे
किलार्थिनः"

अर्थ:- जो कार्य संपन्न करना चाहते हैं
वे सिंह की तरह अधिकतम वेग से
कार्य पर टूट पड़ते हैं।

With this highly motivating Sanskrit shloka, which means " Those who volunteer do the work they fall on their work with the skill and speed as lion".

Yajurveda, the third Veda which states the "Mantras and Sacrifices". It is a Veda which is composed in a lot of literature. The one who studies about this Veda is known as Adhvaryu.

Sky is blue, ocean is blue and the colour blue symbolizes serenity, stability, inspiration, wisdom or health so the colour given to our House is also blue. The House maintained the eternal tradition of excellence and channelized its energy with its sizzling and heart throbbing performances throughout the year. We proved our mettle in Academics as Cdt. Aman Kumar, Cdt. Baibhav Yadav, Cdt. Prakhar, Cdt. Sumit, Cdt. Raghav , Cdt. Divyanshu, Cdt. Shreyansh, Cdt. Divyaditya, Cdt. Aditya , Cdt. Shivam and Cdt. Pranav

have scored more than 90% marks. We are privileged to have Cadet Baibhav Yadav who became the school captain and led the Sampurian family on different events held at school.

Cdt. Abhishek won gold medal in 400 m. Cdt. Prem Prakash won silver medal in 1600 m, Cdt. Ayush won gold medal in 100 m, Cdt. Desh Deepak won Silver medal in 200 m and Cdt. Prakhar Buddha won Bronze medal in 800 m. In the leadership of Cdt. Abhishek, our house got second position in Basketball match. Also our house won 2nd position in inter house Football match.

Yajurvedians are also blessed with melodious singers like Cadet Rajat who is blessed with his vocal cord . Cadet Ambrish who are efficient in singing and fill cadets with a lot of energy with their singing.

Cdt Baibhav Yadav and Aman Kumar represented our school at district level Debate competition held at Kiran SAUJIYA School and won overall First Prize .

In the guidance and supervision of our House Master Mr Asad Mansoori, we have been working hard with great zeal and enthusiasm. Taking inspiration from our glorious past, we will strive hard to continue it in the coming future and thereby keeping high our motto.

ATHARVEDA HOUSE

“उद्यमेन हि सिध्यन्ति कार्याणि न मनोरथैः”
अर्थ:-
मेहनत करने से ही कार्य सफल होते हैं,
न कि मन में सोचने मात्र से

With this highly motivating Sanskrit shloka, which means “we can succeed in our work only if we work hard not from desires”.

The main idea of the house system is to inculcate in our students the essential qualities of leadership, teamwork, Co-operation, mutual understanding and self-reliance. The house system aims to give students an identity and sense of pride in a supportive, secure environment. The houses provide a healthy positive competition and closer rapport between students and teachers. It encourages teamwork, provides opportunities to take responsibilities and bring everyone in school together. Atharvaveda, the fourth veda which states the “Veda of Magical Formulas”. It is a collection of 20 books containing hymns, chants, spells and prayers; and involves issues such as healing of illnesses,

prolonging life and rituals for removing maladies and anxieties.

Our house has been striving to prove itself and in the same order, Cdt. Piyush Kuamr Gautam , Anurudh and Anurag led the house in interhouse Volleyball competition and won the second prize. In EBSB Quiz competition, our house got 3rd position.. Hindi Pakhwada, our house won 2nd position in Sholka Recitation and cdt. Piyush got the first prize in poem recitation.

In Zonal Basketball team our cadets Shaurya and Cdt. Viraj played so well. Cdt. Anant Pandey, Vishal Nagar, Rambabu and Shivam won first rank.

The contents of Atharvaveda have been studied to glean information about the social and cultural mores in Vedic era of India. The principles of this house focus on the unrestricted flow of learning and embracing self. The house believes in making the most of the opportunities that come its way and to lead by example.

In order to develop the competitive edge, among the students, the school follows the house system where in the students are divided into four houses. Atharvaveda the yellow house too attempts to give rise to a new world where gratitude, harmony and optimism are the key mantras and the cadets follow this mantras religiously. Points are awarded to students throughout the year for co-curricular activities, games and discipline. Inter-house competitions are organized in Sports, Dramatics, Debate, Elocution, Quiz, Art, Music etc. Winners are felicitated with medals and certificates at appropriate occasions.

GARGI HOUSE

यत्र नार्यस्तु पूज्यन्ते रमन्ते तत्र देवताः ।
यत्रैतास्तु न पूज्यन्ते सर्वास्तत्राफलाः
क्रियाः ॥

अर्थ: जिस कुल में स्त्रियों का सत्कार किया जाता है उस कुल पर देवता प्रसन्न रहते हैं। जिस कुल में स्त्रियों का निरादर किया जाता है वहां पर किये गए सभी कर्म, धर्म निष्फल होते हैं अर्थात उन कर्मों व धर्म कार्यों का कोई पुण्य प्राप्त नहीं होता।

Yatra Nāryastu Pūjyante Ramante Tatra Devatāḥ।

Yatraitāstu Na Pūjyante Sarvāstrāphalāḥ Kriyāḥ।।

Meaning: “Where women are honoured, there the deities are pleased; but where they are not honoured, no sacred rite yields rewards. God dwells where women worship”

The colour given to our house is purple. The colour purple is often associated with royalty, nobility, power, and ambition. Purple also represents meanings of wealth, creativity, wisdom, dignity, grandeur, devotion, peace and pride.

Sainik school chhingchhip created history by becoming the first school for introduction of girls in the year 2018 under the pilot project.

Buoyed by the successful experimentation of admitting girls in Mizoram, Sainik School Mainpuri charted a course forward for introduction of girl cadets into the school.

We are privileged to have the first batch of girls in our school forming the Gargi house.

The house maintained the eternal tradition of excellence and equality and channelized its energy with its sizzling and heart throwing performances throughout the year.

Our girls proved their mettle in academics and performed well showing consistency throughout the year.

We are privileged to have Cdt Priya Pandey, the first girl of Sainik School Mainpuri who became the first school head girl and led the Sampurian Family and Gargi House on different events held at school. Our House won 11st position in Spell Bee Competition on 31st July' 23. We won first position in English Debate Competition. On 10th August' 23. In Hindi Deabte Competition on 22nd August , our house won first position..

On 12th Sep' 23, we won 1st . Cdt Shambhavi represented our house in another poster making and slogan writing competition on the topic Save Ganga and won second prize, she also participated in drawing competition under fit india run 2.0 and won first prize for the house. Under the AKAM Deshbhakti Geet writing and Rangoli competition Cdt Samriddhi came with the flying colours and achieved first position for the house. Cdt Priya Pandey represented our house in collage making competition on the topic Indian Medal winners in Tokyo Olympics 2021 and got the second prize for the house. Cdt Nandini participated poster making competition on the topic Elimination of single use plastic and achieve second prize. Cdt Shambhavi participated in another poster making competition on Indian army day and achieve first prize.

A powerful woman builds a strong society

ACTIVITIES

CULTURAL PROGRAMME AT DEVI MELA

वसुधैव कुटुम्बकम्
ONE EARTH • ONE FAMILY • ONE FUTURE

The Group of Twenty (G20) is the premier forum for international economic cooperation. It plays an important role in shaping and strengthening global architecture and governance on all major international economic issues. India 2023 held the Presidency of the G20 from 1 December 2022 to 30 November 2023.

CULTURAL PROGRAMME AT DEVI MELA

Inception of G20

The G20 was founded in 1999 after the Asian financial crisis as a forum for the Finance Ministers and Central Bank Governors to discuss global economic and financial issues.

वसुधैव कुटुम्बकम्

ONE EARTH • ONE FAMILY • ONE FUTURE

CULTURAL PROGRAMME AT DEVI MELA

वसुधैव कुटुम्बकम्
ONE EARTH • ONE FAMILY • ONE FUTURE

Elevation to Leader's Level

The G20 was upgraded to the level of Heads of State/Government in the wake of the global economic and financial crisis of 2007, and, in 2009, was designated the “premier forum for international economic cooperation”.

CULTURAL PROGRAMME AT DEVI MELA

वसुधैव कुटुम्बकम्
ONE EARTH • ONE FAMILY • ONE FUTURE

The G20 Summit is held annually, under the leadership of a rotating Presidency. The G20 initially focused largely on broad macroeconomic issues, but it has since expanded its agenda to inter-alia include trade, sustainable development, health, agriculture, energy, environment, climate change, and anti-corruption.

CULTURAL PROGRAMME AT DEVI MELA

Inclusion of AU as G20 Member

India put forth a proposal for the African Union to attain permanent membership status within the G-20, a proposal that garnered unanimous support from all participating nations. Hence, the African Union was accepted as a permanent member of the G20.

INTERACTION WITH STAFF

वसुधैव कुटुम्बकम्
ONE EARTH • ONE FAMILY • ONE FUTURE

G20 Members

The Group of Twenty (G20) comprises 19 countries (Argentina, Australia, Brazil, Canada, China, France, Germany, India, Indonesia, Italy, Japan, Republic of Korea, Mexico, Russia, Saudi Arabia, South Africa, Türkiye, United Kingdom and United States) and two regional bodies: the European Union and the African Union (as of 2023). The G20 members represent around 85% of the global GDP, over 75% of the global trade, and about two-thirds of the world population.

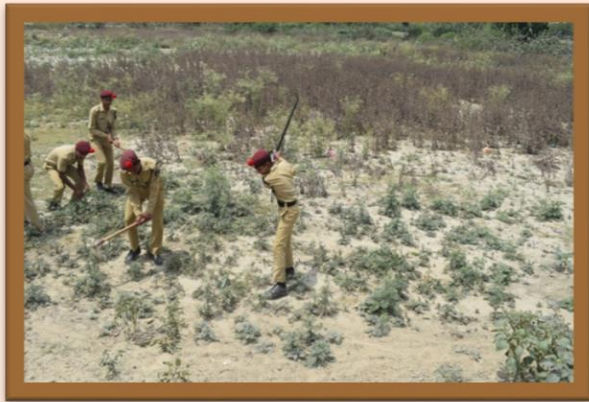

FELICITAION OF MERITORIOUS STUDENTS

वसुधैव कुटुम्बकम्
ONE EARTH • ONE FAMILY • ONE FUTURE

The G20 Presidency steers the G20 agenda for one year and hosts the Summit. The G20 consists of two parallel tracks: the Finance Track and the Sherpa Track. Finance Ministers and Central Bank Governors lead the Finance Track while Sherpas lead the Sherpa Track after Finance Track.

CLEANLINESS DRIVE AT ISHAN RIVER BANK

The G20 process from the Sherpa side is coordinated by the Sherpas of member countries, who are personal emissaries of the Leaders. Finance Track is led by Finance Ministers and Central Bank Governors of the member countries.

PLANTATION DRIVE

वसुधैव कुटुम्बकम्
ONE EARTH • ONE FAMILY • ONE FUTURE

Within the two tracks, there are thematically oriented working groups in which representatives from the relevant ministries of the members as well as from invited/guest countries and various international organisations participate.

LIFESTYLE FOR ENVIRONMENT MARCH

वसुधैव कुटुम्बकम्
ONE EARTH • ONE FAMILY • ONE FUTURE

The Finance Track is mainly led by the Ministry of Finance. These working groups meet regularly throughout the term of each Presidency. The Sherpas oversee negotiations over the course of the year, discussing agenda items for the Summit and coordinating the substantive work of the G20.

WORLD ENVIRONMENT DAY

वसुधैव कुटुम्बकम्
ONE EARTH • ONE FAMILY • ONE FUTURE

In addition, there are Engagement Groups which bring together civil societies, parliamentarians, think tanks, women, youth, labour, businesses and researchers of the G20 countries.

INTERNATIONAL YOGA DAY

वसुधैव कुटुम्बकम्
ONE EARTH • ONE FAMILY • ONE FUTURE

The Group does not have a permanent secretariat. The Presidency is supported by the Troika – previous, current and incoming Presidency.

ANTI DRUG CAMPAIGN

वसुधैव कुटुम्बकम्
ONE EARTH • ONE FAMILY • ONE FUTURE

During India's Presidency, the troika comprised Indonesia, India and Brazil, respectively. During the Brazilian Presidency the troika will comprise India, Brazil and South Africa.

SCIENCE WORKSHOP

वसुधैव कुटुम्बकम्
ONE EARTH • ONE FAMILY • ONE FUTURE

December 1st, 2022 was a momentous day as India assumed the presidency of the G20 forum, taking over from Indonesia. As the largest democracy in the world, and the fastest growing economy, India's G20 presidency will play a crucial role in building upon the significant achievements of the previous 17 presidencies.

INTER ZONAL MEET 2023-24

India's G20 stewardship came at a time when it has been lauded for its remarkable recovery and for the rebuilding that happened after the calamitous COVID-19 pandemic.

वसुधैव कुटुम्बकम्
ONE EARTH • ONE FAMILY • ONE FUTURE

INTER ZONAL MEET 2023-24

वसुधैव कुटुम्बकम्

ONE EARTH • ONE FAMILY • ONE FUTURE

The G20 New Delhi Summit is chaired by the Indian Prime Minister, Narendra Modi. India's presidency began on 1 December 2022, leading up to the summit in the third quarter of 2023.

INTER ZONAL MEET 2023-24

Vasudhaiva Kutumbakam, which translates to "One Earth, One Family, One Future," is the theme of India's G20 presidency. It is inspired from the Maha Upanishad, an old Sanskrit scripture. The theme fundamentally highlights the importance of all life—human, animal, plant, and microorganism—as well as their interdependence on Earth and across the universe. The theme also exemplifies LiFE (Lifestyle for Environment), which highlights the importance of environmentally sustainable and responsible lifestyle choices, both at the individual and national level, in creating a cleaner, greener, and bluer future.

INTER HOUSE BASKETBALL TOURNAMENT

वसुधैव कुटुम्बकम्
ONE EARTH • ONE FAMILY • ONE FUTURE

The New Delhi G20 Leaders' Summit held on 9-10 September 2023 brought the deliberations under our G20 Presidency to a successful culmination. With G20 including all P5 countries, and accounting for 85% of global GDP, 75% of world trade and 2/3rd of world population, it was the highest profile international gathering in the history of independent India.

INTER HOUSE BASKETBALL TOURNAMENT

वसुधैव कुटुम्बकम्
ONE EARTH • ONE FAMILY • ONE FUTURE

The theme of our G20 Presidency “One Earth, One Family, One Future”, drawing upon our age-old belief of “Vasudhaiva Kutumbakam”, was endorsed by all. With over 200 meetings in 60 Indian cities in all our 28 States and 8 UTs, across 40 different mechanisms including Sherpa and Finance Track Working Groups, as well as Engagement Groups, the size, scale and scope of India’s G20 Presidency was unprecedented.

ENGLISH DEBATE COMPETITION

वसुधैव कुटुम्बकम्
ONE EARTH • ONE FAMILY • ONE FUTURE

The substantive centrepiece of the G20 Summit was the New Delhi G20 Leaders' Declaration (NDLD), adopted unanimously by all G20 countries on the first day of the Summit. An action-oriented, decisive, inclusive and ambitious Declaration, it sets out the way forward on a wide range of prevailing global challenges. It is a historic milestone in India's journey to assume its rightful place in the comity of nations.

HAR GHAR TIRANGA CAMPAIGN

The NDLD reflects a uniquely Indian perspective of emphasizing universal, equitable and inclusive solutions to today's problems. It sends out a message for peace, dialogue, diplomacy and hope highlighting Prime Minister's clarion call that "Today's era must not be of war". Through it, India has successfully highlighted ideas, especially homegrown ideas, and shaped global narratives and bridged divides.

Partnership for Global Infrastructure and Investment (PGI): Participants were India, USA, Saudi Arabia, UAE, EU, Italy, France, Germany, Japan, Mauritius and World Bank. Under the PGI, the G7 aims to mobilize US\$ 600 billion by 2027 in global infrastructure investments, including in partnership with the private sector, and interalia for achievement of SDGs. PGI projects in India include those in the health, telecom and renewable energy sectors.

CADETS' ARTICLES

MY HOPE

The world is hopeful more
It makes my heart at shore
Life is hard enough
Then why I am feeling tough.
When world decides to fall
I made myself to stand tall
So when I die,
I don't wish everyone to cry
Do not see how long to walk
Be self-reliant without talk.
When anyone ask do you not fear
Tell them it is my job dear,
Keep focus on your goal
Till the time it becomes whole.

India's contribution to the G20 13. India's Presidency imparted a new dynamism and momentum to G20, and built consensus on a wide range of issues among developing countries and advanced economies. India brought multilateralism back to the centre stage and amplified the voice of the Global South. India will continue to stay fully engaged in the G20 in future.

A FUNNY LANGUAGE

Doesn't it seem crazy that you can make amends but not one amend?
If you have a bunch of odds and ends and get rid of all but one of them,
what do you call it?

If teachers taught, why didn't preachers praught?

If a vegetarian eats vegetables,

What does a humanitarian eat?

Sometimes I think all the folks

Who grew up speaking English should be committed to an asylum for the verbally insane.

In what other language do people recite at a play and plot at a recital?

We ship by truck but send cargo by ship

We have noses that run and feet that smell

We park in a driveway and drive in a parkway.

And how can a slim chance and a fat chance be the same.

While a wise man and a wise guy are opposites?

You have to marvel at the unique lunacy of a language

In which your house can burn up as it burns dow,

In which you fill in a form by filling it out,

And in which you an alarm goes off by going on

And in closing.....

If father is pop, how come mother is not mop?

Cdt. Rishikesh Kumar

At the outset, Prime Minister Kishida stated that the international community faces multiple crises, making it increasingly important to cooperate at the G20, the premier forum for international economic cooperation. Prime Minister Kishida also introduced that the G7 Hiroshima Summit, hosted by Japan as the G7 Presidency, affirmed the importance of cooperation among a wide range of partners, including those beyond the G7, in order to address various challenges in the international community. He also stated that he has repeatedly confirmed with Indian Prime Minister Modi that the outcome of the G7 should be feed into the G20.

ABOUT SSB

Defence Services namely Indian Army, Indian Air Force and Indian Navy are one of the finest institutions of our country. These institutions are looked upon by every one for several virtues like discipline, dedication, commitment, adventure etc. These institutions provide a very clean & healthy sense of pride & honour. In the yesteryears, only the elite sections of society could join the services as an officer & it was a matter of prestige to be associated with armed forces. However, post 90's the luster of working abroad or working in multinational companies & earning huge sum of money diverted the youth to these lustrous jobs and less number aspired to join the defence forces. However, within a span of two decades reality has dawned upon our youth & the latest trend is that engineers working in best of companies like TCS,WIPRO etc. aspire for defence careers. Thus, the armed forces have stood the test of time.

Career as an officer:

- As an officer, one enjoys a great sense of purpose of serving the motherland.
- Wearing the uniform gives a sense of pride & honour.
- Opportunity to lead a large team at a very young age.
- Fantastic camaraderie & team work.
- Disciplined & orderly life style.
- Best of training and education
- Sports and adventure.
- Work life balance & overall well- being.

Cdt. Ayush

Prime Minister Kishida pointed out that Russia's aggression is exacerbating the difficulties of the global economy, including on food and energy, and that the G20 needs to address them. He also stressed the need to implement economic policies aimed at realizing sustainable and inclusive growth while correcting disparities, and emphasized the importance of making supply chains more resilient and carrying out revision of principles of corporate governance. Furthermore, Prime Minister Kishida stated that the rules-based, free and fair trading system, with the World Trade Organization (WTO) at its core, is the foundation for global growth and stability, and that Japan would like to cooperate with other countries toward the 13th WTO Ministerial Conference next year.

MARINE LIFE IN DANGER

Results of a study released in 2015 shows a 49% decline in the number of marine species around the world between 1970 and 2012.

The study of marine mammals, ranging from birds to reptiles to fish highlighted that marine life is disappearing faster than conservationists had feared. The figure is actually 10% higher than previous estimates.

The decline is not only bad news for ecosystems but to humans as well, especially to people in the developing world who depends on the ocean's resources. As stated in the report, the blame for halving global fish stocks falls heavily on overfishing and climate change, with deep-sea fish population down 72% rising water temperatures and increasing acidity have left $\frac{3}{4}$ of coral reefs under threat and it is possible that most coral reefs could die out by 2050. People also fear that a quarter of the world's sharks, rays and skates could eventually become extinct.

Cdt. Sidharth Rathour
X A

Prime Minister Kishida stated that although 2023 marks the mid-point for achieving the SDGs, he cannot help but have a sense of urgency regarding the progress. He stressed that the G20 should take the lead in making efforts to achieve the SDGs.

LIFE IS SIMPLE

Open your mind, arms, and heart to new things and people,
Some are united in your differences.
Ask the next person you see what their passion is
And share your inspiring dream with them.
Getting lost will help you find yourself
Some opportunities only come once, seize them
Life is about the people you meet ,
And the things you create with them
So go out and start creating.
Live your dream
And share
Your Passion

Cdt. Abhay Raj

Regarding food issues, Prime Minister Kishida stated that a concrete action plan was formulated at the G7 Hiroshima Summit with the participation of invited countries, which confirmed the value of such initiatives as the “Agricultural Market Information System (AMIS)”, launched by the G20 to enhance data gathering, and the “Millet and other ancient grains international research initiative (MAHARISHI),” promoted by India. He also expressed his will to work on building sustainable and resilient agricultural and food systems. He went on to state that he strongly expects that Russia will return to an international framework in which the United Nations is involved to secure global food security.

Prime Minister Kishida introduced that at the G7 Hiroshima Summit, the leaders of the G7 and invited countries shared the recognition of significance of the free and open international order based on the rule of law as well as the principles of the Charter of the United Nations such as respect for sovereignty and territorial integrity. In addition, Prime Minister Kishida pointed out that Russia's aggression against Ukraine, which has shaken the foundation of G20 cooperation, still continues despite the condemnation by most leaders at the G20 Bali Summit last year.

THINK WHAT YOU WANT

If you think, you are beaten, you are.
If you think you dare not, you don't.
If you'd like to win, but you think you can't
It is almost a cinch- you won't
If you think you'll lose, you've lost,
For out in this world we find
Success begins with a fellow's will
It's all in the state of mind.
If you think you're outclassed, you are,
You've got to think high to rise.
You've got to be sure of yourself before
You can ever win the prize.
Life's battles don't always go to the
Stronger or faster man,
But sooner or later the man who wins
Is the one who thinks he can

वैश्विक कुटुंबकाम

ONE EARTH • ONE FAMILY • ONE FUTURE

He also stated that it is critical for Russia to withdraw its troops immediately and for Ukraine to achieve a just and lasting peace. Furthermore, Prime Minister Kishida emphasized that Russia's nuclear threat is absolutely unacceptable, let alone their actual use, and that it is necessary for the international community to send out a clear message in solidarity. He also stated that it is vital for the international community to extend assistance to those who are in vulnerable situations under conflicts.

LIVING WITH DYING

Shadows are made by light
So why we have to fight
So many just take a flight
And visit heaven tonight.
Without light shadow is nothing
But with light it is something
Let die with something
And born again with nothing
To live no one have to die
But to survive someone have to die
So just don't lie
Prepare for war against your lie.
Hatred shows you reality
Love shows you fantasy
Death is reality
Life is fantasy.

-Abhay Raj

Regarding environment issues, Prime Minister Kishida showed Japan's support to the "Lifestyle for Environment (LiFE)" promoted by Prime Minister Modi, and stated he would work together to transform the lifestyles of people. Furthermore, Prime Minister Kishida expressed his determination to play a leading role in the negotiations for a treaty on plastic pollution, toward the realization of the "Osaka Blue Ocean Vision" regarding marine plastic litter, and with the ambition to reduce additional plastic pollution to zero by 2040.

A SMALL DROP

A Small Drop
A drop fall on rose
By fighting leaves
When he fell
He thought he was born.
He has his heart pure.
And by it thirst can be cure.
Water is made up of drops
And farmer used it to grow their crops.
Drop is pious in nature
It helps to survive natural creature.
Drop is just like a
Roof in summer days.
Sea and oceans exists because of drop.
Human being exists because of drop.

Regarding climate and energy, Prime Minister Kishida pointed out that the implementation of the Paris Agreement is an urgent challenge in order to limit temperature rise to 1.5°C He called for commitments by all Parties to achieving net zero by 2050 and peaking out global greenhouse gas emissions by 2025, toward COP28 (28th session of the Conference of the Parties to the United Nations Framework Convention on Climate Change). Prime Minister Kishida also stated that it is imperative to achieve transformation to a decarbonized economy through inclusive investments without compromising economic growth and energy security.

WAR?

I want this world free of weapons.
I want a boat to take away all
These weapons in to Bermuda triangle.
I search Humanity with a light
But came home every time without any worth.
But why?
Capitalists sell war
Consumers buy war
Nations set war
Newspapers and television broadcast war.
Our histories are at war.
Our geographies are at war.
Because of money because of power,
War comes and humanity cries everywhere.
Since Adam and Eve explosion from Eden.
Our only existence is at war

Cdt. Aditya Kumar

Stressing the need to aim to achieve the common goal of net zero through various pathways, in line with national circumstances, he also expressed Japan's intention to utilize all technologies and energy sources to promote innovation and support the efforts of each country. In addition, Prime Minister Kishida pointed out that further support for vulnerable countries is necessary, noting that the goal of annually mobilizing 100 billion dollars jointly by developed countries is expected to be achieved within this year. He stated that it is also important for all affluent Parties and stakeholders to contribute to finance mobilization from here on.

Prime Minister Kishida explained that the discharge of Advanced Liquid Processing System (ALPS) treated water into the sea has been conducted in accordance with international standards and practices while taking all possible measures for safety, and that the International Atomic Energy Agency (IAEA) Comprehensive Report states that the radiological impact on humans and the environment is negligible. He explained that the data monitored since last month's discharge has been made public in a prompt and highly transparent manner, and that no problems have arisen from a scientific standpoint.

NATURE'S POWER

It is bounded by all forces
It takes one's grief
You must have wondering about whom I am flaking
We call this friend as "nature "

It has many supernatural powers
It contains the beauty of flowers
It can also be very furious
If you are not curious

One fakes delight in the sounds of birds
It rejuvenates all the minds
This is very good teacher we call this friend as "Nature"

-By Anurag Yadav
9th B

He explained that the reliability of the data would be confirmed objectively with the involvement of the IAEA and analytical institutions of third countries. He then stated that these points are widely understood by the international community, but that certain country has been taking uncommon actions such as suspending all imports of Japanese marine food products in response to the recent discharge into the sea, and that Japan would continue to call on actions based on scientific evidence and dissemination of accurate information. He also stated that Japan would continue to work closely with the IAEA and to provide explanations to the international community based on scientific evidence in good faith and in a highly transparent manner

KINDNESS

*Kindness is the quality
Gives a person nobility
Our earth is so mighty
It hold us very lightly
Kindness is an ornament
A king wears it with full agreement
It is the humanity
That keeps alive hospitality
Kindness is a grade
It doesn't make people afraid
It creates a land
Which is full of glad*

Cdt. Prashant

SESSION -2 ONE FAMILY:

In this session, participants discussed inclusive growth, the SDGs, health and other issues. G20 members confirmed the importance of reducing poverty and inequality, accelerating efforts toward the achievement of SDGs, and preparing for pandemic.

HOPE OF SHADOW

If you will keeps your head up
If you will keep your heart strong
If you will keep yourself ready.
Trust me you will never go wrong
People like to see your struggle,
Your rise and your fall.
Regardless you are weak or strong
If you will stand tall
You will rise after every fall

Cdt. Divyansh Rajput

SESSION- 3- ONE FUTURE:

Prime Minister Kishida reiterated Japan's support for the membership of the African Union (AU) in the G20, given the increasing roles that African countries are playing in the international community in recent years.

A HORSE'S STORY

I am very moody
My master worn a Ruby
And always do this duty
My name is Black Beauty.
I was born in a field
Corn that field yield
My mother was killed
By hunters in morning chilled.
I was taken by a dealer
Where name was a milley
Who was a drunkard?
Always sleeps in a courtyard
Then one day came my master
Milley was riding me very faster
He sold to the man
For today whom I ran.

ONE EARTH • ONE FAMILY • ONE FUTURE

Prime Minister Kishida stated that in order to overcome the challenges we face and realize a better future, it is necessary to reform multilateral systems. He pointed out that as the future of the world depends on the future of developing countries, it is necessary to support their sustainable growth, and stated that Japan would work on the evolution of multilateral development banks in order to meet the development needs of developing countries.

EARTH IS BEAUTIFUL

Earth is beautiful
Keep it in your mind
Don't spread pollution
Because it is our life
Plastic is light weight
It does not degrade
It increase the pollution's rate
It makes the earth contaminated.
It harms the animals of the beach
We should not throw the plastics in the sea.
It makes the sanitary lines reige.
Thus causes many diseases.

We should reduce the plastic bags
By using recyclable bags
Decreased purchasing packaged products
Avoid buying water bottles.
We can't avoid it by burning
It releases harmful toxins.
We should use 3R to reduce it
Think on it and act on it.
It is necessary to clean the environment
It causes global warming
Where will use live if our planet is
contaminated
Earth is the only place for living.

Prime Minister Kishida went on to state that it is necessary for more creditor and debtor countries to share the importance of transparent and fair development finance that complies with international rules and standards, and that we should promote such efforts also at the G20. Prime Minister Kishida emphasized that in order to respond to the debt problem of developing countries which is becoming serious, it is essential to promptly carry out debt restructuring through the “Common Framework for Debt Treatments beyond the Debt Service Suspension Initiative (DSSI)” and the meeting of Sri Lanka’s creditor nations, among other things.

PATRIOTISM

In hearts ablaze, our flag unfurled.
Patriotism, our grinding light in this world,
With unity and love we stand so tall,
For our nation's glory, we give our all.

Thorough trials and triumphs, hand in hand,
Defending freedom we take a stand.
In every heart, the saffron, white and green.
Patriotism shines forever true

PRAKHAR YADAV
X A

Furthermore, Prime Minister Kishida stated that when investing in infrastructure, the implementation of the “G20 Principles for Quality Infrastructure Investment” should be promoted, and that Japan has pledged in its new plan for a “Free and Open Indo-Pacific (FOIP)” announced in March this year that it will mobilize more than 75 billion dollars in public and private funds for the infrastructure in the Indo-Pacific region by 2030.

SWEET DREAMS

Dreams are beautiful
Dreams are great.
You can enjoy them without any break.

Dreams can take you to your favourite place
And you can also eat your favourite dish
As per as your wish.
If you can coward
Then dreams can make you brave
And you can move to any cave.
You can be rich
As much as a king
Who can do anything?

ONE EARTH • ONE FAMILY • ONE FUTURE

Prime Minister Kishida emphasized that in order to promote the reforms of multilateral systems, it is urgent to strengthen the functions of the United Nations, and that the Security Council in particular must be reformed. In addition, he pointed out a broadly shared recognition, including among developing countries, that the reforms of the Security Council should be urgently promoted. He stated that there is a rising momentum for this, which he hoped will be connected to concrete actions in a cooperative manner with a view to such events as the Summit of the Future in 2024.

CHILD LABOUR

**Don't steal childhood from a child"
They work in the sun
For a piece of bun
Don't chase them like a hen
They have a small place like den
Invent some rules and regulations
To abolish the vicious circle
Child labour should not a fashion
They are our next generation
Give them time sit under tree
And to sip a little cup of tea
Please leave them free
They should be happy like a bee**

Regarding health, Prime Minister Kishida stated that he attaches importance to achieving Universal Health Coverage (UHC), as well as the strengthening of prevention, preparedness and response (PPR) for a possible next health crisis, including the provision of prompt and efficient funding in times of crisis. In particular, he stated that the G20 has confirmed the importance of strengthening the delivery of medical countermeasures (MCM), which was advocated at the G7 Hiroshima Summit, and that Japan would like to work with G20 countries, the World Health Organization (WHO), the World Bank, and other partners.

GRATITUDE

Oh! Nature
I am a creature
I am thankful to you
For life provided by you
Oh! Nature
You are a creator
You made this world pretty
By giving the human beings mortality
Oh! Nature
How can I show my gratitude?
You make the world very nice
It looks me like paradise.

ONE EARTH - ONE FAMILY - ONE FUTURE

Regarding digital, Prime Minister Kishida pointed out that investment in new technologies, including digital, is the key to a better future. He stated that the dramatic progress in digital technology, while having a positive and proactive impact on the economy and society, entails an issue of governance. He also pointed out that countermeasures against information manipulation, including false information, are also an important challenge.

JOURNEY

When I Was Student

Didn't know what life Meant

As I entered that stage and faced distraction

Over Burdened with syllabus and regimentation

Compelled by surrounding and entered new phase

A world of expectations which took me into new Race

A Race of power, Success and materialistic desire

Started it with enthusiasm and set myself to bonfire

Felt tired and stopped not only me but

Many who are unwilling and creating glut

Considered it as failure and loose all hope

Tears roll down and left the mob

Heard a sniff didn't know from where

"hey! You can survive out of life's sphere"

Then turned confused with cluster of thought

But convinced by the dream what I ought

I was different as accompanied by a dream

Different from other dreamers but choose same stream

Again mustered up courage to start

As I have the only way to depart

Cadet: - Rajat

Meanwhile, Prime Minister Kishida emphasized that data is at the core of the digital economy, and that based on the concept of "Data Free Flow with Trust (DFFT)," he would take the lead in discussing efforts to materialize this concept and the creation of international rules.

ॐ

ONE EARTH • ONE FAMILY • ONE FUTURE

A NEW MOON

When you lose everything
In life, a new beginning
Is marked by that phase.
It's the time when you
Can only gain something
As you've nothing to lose.

Maybe that's why a
Moonless night is called
A 'new moon' light.

Furthermore, Prime Minister Kishida stated that it is necessary to maximize the potential of generative AI while reducing its risk and use it to contribute to the growth of the entire world, including developing countries. He emphasized the importance of establishing governance to promote reliable and responsible AI based on the G20 AI Principles.

DEAR FARMERS

My dear farmers
We Are alive here
Because you work hard there.
You are life provider,
For us you grow food and fiber.
You feed crores who are hungry,
Never bother about your injury.
We know your work is giant,
On you, people are completely reliant.
Your existence make us feel blessed
Even though your earnings are two less.
Progress of the country depends upon few
We bow are head as one of them is you
Farmers are the precious gems
Let's join our hand and pray for them.

LIBRARY AND ITS IMPORTANCE

"A Library can be thought of as a Tower of Silence- like a sleeping child, which embodies the entrapped vibrations of age-old ocean."

- Noble Laureate Rabindranath Tagore

In today's world information is the single most powerful asset that everyone would like to possess it. Information is the source of knowledge and library recognized as the source of Information. Library is place where interaction between Human and Information takes place and intends to satisfy the information needs.

Library is a collection of information resources in print or other forms that is organized and made accessible for reading or study. Dr. S.R. Rangnathan, father of Library Science describes the library as the public institution or establishment charged with the collection of books and duty of making them accessible to those who require to use them.

The main purpose of a library is to serve the society through the record of human thoughts, ideas and expressions by making them available to all. Importance of library and its uses is explained through following points:

Library supports both formal and informal education and provides facilities for Life-Long education. It helps in the self-development in various stages of Information. To be continued.....

LIBRARY AND ITS IMPORTANCE

Libraries provide current and accurate information to intended users according to their subject of interest. They act as a information centres or referral centres for specific source of information.

Libraries help in utilizing the leisure time properly by providing books on fiction, magazine, newspaper's etc. Audio-videos materials are also kept in the library for use.

Libraries act as cultural centres and Promote participation and appreciation of various arts. It helps to broaden our views and develop creative abilities by reading and thinking it. It also helps in cultural upliftment by organizing extension services like lectures, seminars, book exhibitions.

Libraries maintain archives of old and rare documents thereby preserving the literary heritage or prosperity.

Libraries are community hubs that bring people together. They offer programs and events for people of all ages, including book clubs, story times, lectures and workshops.

Education is the backbone for the progress of any society. A society cannot flourish without proper education and the primary requirement of the education system is the knowledge available in the books. Libraries acquire books along with other reading materials, organize them, preserve them and disseminate the information to the users. In this way libraries play an important in development of the society.

HARMONY IN HUSTLE: A WORKING MOTHER'S ODE

In dawn's tender light, she rises, poised and strong,
Balancing career and family, where dreams belong.
A symphony of tasks, each note finely tuned,
In her heart, love and ambition are entwined, attuned.

Through bustling streets and office halls she strides,
Her spirit unfurls, where determination resides.
Yet, amidst deadlines and meetings, her mind does roam,
To the haven of home, where love's seeds are sown.

Time, a precious currency, she spends with care,
In its fleeting embrace, joys and burdens she'll bear.
For in the twilight's embrace, as the day recedes,
Her love forges bonds that no distance impedes.

FLUORIDE IN DRINKING WATER AND DEFLUORIDATION OF WATER

Fluoride pollution in subsurface water is a significant problem for different nations across the world because of the intake of excessive fluoride caused by the drinking of the contaminated subsurface. Water pollution by fluoride can be attributed to the natural and human-made agents. Increased levels of fluoride in drinking water may result in the irretrievable demineralization of bone and tooth tissues, a situation called fluorosis, and other disorders. There has long been a need for fluoride removal from drinking water to make it safe for human use. Among the various fluoride removal methods, adsorption is the method most popularly used due to its cheap cost, ease of utilization, and being a scalable and simple physical technique. According to the findings of this study, the highest concentration of fluoride (0.1–15.0 mg/L) was found in Sweden and the lowest (0.03–1.14 mg/L) in Italy. We collected the values of adsorption capacities and fluoride removal efficiencies of various types of adsorbents from valuable released data accessible in the literature and exhibited tables. There is still a need to find the actual possibility of using bio sorbents and adsorbents on a commercial scale and to define the reusability of adsorbents to decrease price and the waste generated from the adsorption method. This article reviews the currently available methods and approaches to fluoride removal of water.

हिंदी भाषा

मानव जाति अपने सृजन से ही स्वयं को अभिव्यक्त करने के तरह-तरह के माध्यम खोजती रही है। आपसी संकेतों के सहारे एक-दूसरे को समझने की ये कोशिशें अभिव्यक्ति के सर्वोच्च शिखर पर तब पहुँच गई जब भाषा का विकास हुआ। भाषा लोगों को आपस में जोड़ने का सबसे सरल और जरूरी माध्यम है। भाषा, व्यक्ति-जाति-समाज की अभिव्यक्ति का साधन होती है। भाषा, गंगा की धारा का चिरंतन प्रवाह है जिसमें मार्गस्थ अनेक नदी नाले मिलकर विलुप्त हो जाते हैं। कहीं इसकी धारा अजस्र निर्मल होती है तो कहीं मणिकर्णिका घाट के मुर्दों की दुर्गन्ध के कारण इसका जल कुछ दूर के लिए अपेय हो जाता है। एक भाषा के रूप में अगर हिंदी भाषा की विकास यात्रा की बात करें तो यह एक लंबी और संतत प्रक्रिया है। एक भाषा के विकास में उस समाज और संस्कृति की महत्वपूर्ण भूमिका होती है जहाँ पर ये बोली जाती है। हिंदी भाषा के विकास में भी समाज और संस्कृति की महत्वपूर्ण भूमिका रही है; खासकर उत्तर भारतीय राज्यों की भूमिका। भारत की प्राचीन भाषा संस्कृत रही है और इसी भाषा के विभिन्न काल खंडों में अलग-अलग स्वरूपों में हुए वियोजन से हिंदी का विकास हुआ है। एक भाषा के रूप में हिंदी न सिर्फ भारत की पहचान है बल्कि यह हमारे जीवन मूल्यों, संस्कृति एवं संस्कारों की सच्ची संवाहक, संप्रेषक और परिचायक भी है। बहुत सरल, सहज और सुगम भाषा होने के साथ हिंदी विश्व की संभवतः सबसे वैज्ञानिक भाषा है जिसे दुनिया भर में समझने, बोलने और चाहने वाले लोग बहुत बड़ी संख्या में मौजूद हैं।

राष्ट्रभाषा के बिना राष्ट्र गूंगा है। राष्ट्र के गौरव का यह तकाजा है कि उसकी अपनी एक राष्ट्रभाषा हो। हिन्दी विश्व में बोली जाने वाली प्रमुख भाषाओं में से एक है। विश्व की प्राचीन, समृद्ध और सरल भाषा होने के साथ-साथ हिन्दी हमारी 'राष्ट्रभाषा' भी है। वह दुनियाभर में हमें सम्मान भी दिलाती है। यह भाषा है हमारे सम्मान, स्वाभिमान और गर्व की। इसलिए इसको एक-दूसरे में प्रचारित करना चाहिये। इसी कर्तव्य हेतु हम 14 सितंबर के दिन को 'हिन्दी दिवस' के रूप में मनाते हैं। इस कारण हिन्दी दिवस के दिन उन सभी से निवेदन किया जाता है कि वे अपने बोलचाल की भाषा में भी हिंदी का ही उपयोग करें। हिंदी भाषा के प्रसार से पूरे देश में एकता की भावना और मजबूत होगी।

"भारतीय भाषाओं में केवल हिंदी ही एक ऐसी भाषा है जिसे राष्ट्रभाषा के रूप में अपनाया जा सकता है क्योंकि यह अधिकांश भारतीयों द्वारा बोली जाती है; यह समस्त भारत में आर्थिक, धार्मिक और राजनीतिक सम्पर्क माध्यम के रूप में प्रयोग के लिए सक्षम है तथा इसे सारे देश के लिए सीखना आवश्यक है।"

HINDI

मानव-समाज में शिक्षा प्रदान करना और शिक्षा ग्रहण करना, दोनों ही महत्वपूर्ण कार्य माने जाते रहे हैं। गुरु-शिष्य का सम्बन्ध इसीलिए अधिक महत्वपूर्ण हो जाता है क्योंकि इस सम्बन्ध के उपरान्त मनुष्य के ज्ञानी बनने की प्रक्रिया आरम्भ होती है। प्राचीन काल में शिक्षा ग्रहण करने के लिए छात्र गुरुकुल अथवा आश्रमों में जाया करते थे। उस काल में गुरु-शिष्य का सम्बन्ध बहुत महत्वपूर्ण हुआ करता था। शिक्षा प्रदान करने वाले गुरु को भगवान तुल्य माना जाता था। अपने शिष्यों के प्रति गुरु का व्यवहार भी पिता तुल्य हुआ करता था। एक पिता के समान गुरु गलती करने पर शिष्यों को सख्त सजा भी दिया करते थे। अब शिक्षक-छात्र के सम्बन्ध व्यावसायिक हो गए। शिक्षक मानने लगे कि छात्रों को पढ़ाना उनकी विवशता है। दूसरी ओर छात्रों के मन में भी यह बात बैठ गयी कि शिक्षा प्रदान करके शिक्षक उन पर कोई उपकार नहीं करते। इस नयी विचारधारा का के सम्बन्धों पर प्रतिकूल प्रभाव पड़ा और शिक्षक-छात्र सम्बन्ध की गरिमा बिखरने लगी। छात्रों के हृदय में शिक्षक के प्रति आदर का भाव घटने लगा।

हमारे देश में स्वतंत्रता से पूर्व शिक्षक-छात्र के सम्बन्धों में आदर एवं प्रेम विद्यमान था। शिक्षक-छात्र के रूधों में हुए पतन का दुष्परिणाम भी नयी पीढ़ी को भुगतना रहा है। आज के छात्र साक्षर अवश्य बनते हैं, परन्तु वास्तव में संस्कारों का अभाव देखने को मिल रहा है। यह भी सत्य है कि एक योग्य शिक्षक से ही कठिन परिश्रम की प्रेरणा मिल सकती है। इसके लिए शिक्षक-छात्र सम्बन्धों में प्रेम एवं आदर का भाव होना आवश्यक है।

शिक्षक राष्ट्रनिर्माण में मददगार साबित होते हैं वहीं वे राष्ट्रीय संस्कृति के संरक्षक भी हैं। वे बालकों में सुसंस्कार तो डालते ही हैं उनके अज्ञानता रूपी अंधकार को दूर कर उन्हें देश का श्रेष्ठ नागरिक बनाने का दायित्व भी वहन करते हैं। शिक्षक राष्ट्र के बालकों को न केवल साक्षर ही बनाते हैं बल्कि अपने उपदेश द्वारा उनके ज्ञान का तीसरा नेत्र भी खोलते हैं।

महर्षि अरविन्द ने अपनी एक पुस्तक में लिखा है अध्यापक राष्ट्र की संस्कृति के माली होते हैं वे संस्कार की जड़ों में खाद देते हैं। और अपने श्रम से उन्हें सींच-सींच कर महाप्राण शक्तियां बनाते हैं। शिक्षक उस मोमबत्ती के समान है जो स्वयं जलकर दूसरों को प्रकाश देती है। संत कबीर ने तो गुरु को ईश्वर से भी बड़ा माना है। नई पीढ़ी को शिक्षित, सभ्य बनाने के लिए शिक्षक-छात्र के सम्बन्धों को गरिमा प्रदान करने की विशेष आवश्यकता है।

“एक बेहतरीन शिक्षक के साथ गुजरा हुआ एक दिन दिल लगा कर पढ़े हुए 1000 दिनों से बेहतर है।”

CONQUERING PROCRASTINATION: STRATEGIES FOR TAKING CONTROL OF YOUR TIME AND TASKS

Introduction: Procrastination is a common challenge that many people face when it comes to managing their time effectively and completing tasks efficiently. Whether it's putting off work projects, delaying household chores, or avoiding personal goals, procrastination can hinder productivity and lead to stress and anxiety. However, with the right strategies and mindset, it's possible to overcome procrastination and regain control of your time and tasks.

Procrastination, the art of delaying tasks until the last possible moment, is a common struggle for many individuals. While it might provide temporary relief, the long-term consequences often include increased stress, missed opportunities, and compromised productivity. Fortunately, overcoming procrastination is achievable with the right strategies and mindset. In this article, we'll explore practical techniques to conquer procrastination and regain control of your time and productivity.

Understanding Procrastination: Procrastination often stems from various factors, including fear of failure, perfectionism, lack of motivation, or feeling overwhelmed by the task at hand. Recognizing the underlying reasons behind procrastination is the first step toward overcoming it.

Break Tasks into Manageable Steps: One effective way to tackle procrastination is by breaking tasks into smaller, more manageable steps. By dividing a large project or goal into smaller action items, you can reduce feelings of overwhelm and make progress more achievable. Set specific deadlines for each step to create a sense of urgency and accountability.

Set SMART Goals: Setting SMART (Specific, Measurable, Achievable, Relevant, Time-bound) goals can help you stay focused and motivated. Clearly define what you want to accomplish, how you will measure your progress, and when you aim to complete each goal. SMART goals provide clarity and direction, making it easier to overcome procrastination and stay on track.

Create a Structured Schedule: Establishing a structured schedule can help you prioritize tasks and allocate time effectively. Use tools such as calendars, planners, or task management apps to organize your time and set aside dedicated blocks for work, leisure, and relaxation. Stick to your schedule as much as possible, but also be flexible to adapt to unexpected changes.

Eliminate Distractions: Identify common distractions in your environment and take steps to minimize or eliminate them. This may involve turning off notifications, setting boundaries with coworkers or family members, or creating a designated workspace free from clutter and interruptions. By reducing distractions, you can increase your focus and productivity.

Practice Self-Compassion: Be kind to yourself, especially when facing setbacks or challenges. Instead of dwelling on past procrastination, focus on moving forward and taking positive steps toward your goals. Practice self-compassion by acknowledging your efforts and progress, even if they are small. Remember that nobody is perfect, and it's okay to make mistakes along the way.

Seek Support and Accountability: Share your goals and progress with trusted friends, family members, or colleagues who can offer support and accountability. Having someone to hold you accountable can help you stay motivated and committed to overcoming procrastination. Consider joining a study group, hiring a coach, or participating in online communities focused on productivity and goal achievement.

Conclusion: Overcoming procrastination requires self-awareness, discipline, and perseverance. By implementing these strategies and adopting a proactive mindset, you can break free from procrastination's grip and unlock your full potential. Remember that change takes time and effort, so be patient with yourself as you work toward building healthier habits and achieving your goals. With determination and consistency, you can conquer procrastination and create a more fulfilling and productive life.

NATIONALISM

Nationalism, as a socio-political ideology, has played a significant role in shaping the modern world. It encompasses a deep sense of loyalty, pride, and attachment to one's nation, often transcending individual identities to form collective unity. While nationalism has propelled movements for independence, cultural revival, and national unity, it has also sparked conflicts and divisions. This essay explores the evolution, impact, and challenges of nationalism in contemporary society.

Nationalism, a multifaceted ideology, has played a significant role in shaping societies, politics, and global affairs throughout history. While it often fosters unity, pride, and a sense of belonging among citizens, nationalism can also lead to division, conflict, and prejudice. Understanding the complexities of nationalism requires examining its various manifestations, impacts, and implications.

At its core, nationalism advocates for the interests and aspirations of a particular nation or ethnic group. It encompasses sentiments of loyalty, patriotism, and identity, binding individuals together under a common heritage, culture, or history. In many instances, nationalism has served as a catalyst for liberation movements, revolutions, and the establishment of independent states, empowering marginalized communities to assert their autonomy and sovereignty.

However, nationalism is a double-edged sword, capable of both uniting and dividing societies. On one hand, it fosters solidarity and cooperation, promoting a collective sense of purpose and shared destiny. This cohesion can strengthen social cohesion, bolstering resilience in times of adversity and fostering economic development and progress.

Moreover, nationalism can inspire individuals to contribute to the greater good, driving innovation, and advancement in various fields.

On the other hand, nationalism can breed exclusivity, intolerance, and xenophobia, erecting barriers between different groups and fueling discrimination and prejudice. When taken to extremes, nationalist fervor can justify oppression, imperialism, and violence, as seen in the rise of authoritarian regimes and nationalist movements throughout history. Moreover, the emphasis on national identity can overshadow the diversity and plurality within societies, marginalizing minority groups and undermining their rights and freedoms.

NATIONALISM

Furthermore, globalization and interconnectedness have complicated the dynamics of nationalism, blurring traditional boundaries and challenging established notions of identity and belonging. In an increasingly interconnected world, nationalist ideologies can clash with cosmopolitan values, hindering cooperation and solidarity on a global scale. Moreover, nationalist rhetoric often scapegoats external actors, perpetuating stereotypes and antagonizing international relations.

In conclusion, nationalism is a complex and nuanced phenomenon that has shaped human history in profound ways. While it can inspire unity, pride, and resilience, nationalism also has the potential to foster division, prejudice, and conflict. Recognizing the dual nature of nationalism is essential for navigating its complexities and harnessing its positive aspects while mitigating its negative consequences. Ultimately, fostering inclusive forms of nationalism that celebrate diversity and promote mutual respect is crucial for building a more just, peaceful, and interconnected world. Nationalism remains a potent force in contemporary society, shaping political discourse, social movements, and individual identities. While nationalism has contributed to the formation of cohesive communities and the assertion of national sovereignty, it also poses challenges in an increasingly interconnected and diverse world. By acknowledging the complexities of nationalism and promoting inclusive forms of identity and citizenship, societies can navigate the tensions between national pride and global solidarity in pursuit of a more just and harmonious future.

A BRAVE SELF

In the depths of trials, in the face of fear,
Stands a soul undaunted, resolute and clear.
With courage as its armor, and strength its guide,
A brave self emerges, in valor's stride.
Through the storms of doubt, and the shadows deep,
It forges ahead, its resolve to keep. With unwavering spirit,
it faces the night, illuminated by its own inner light.
In the battlefield of life, where challenges loom,
It rises above, dispelling gloom.
With every scar, with every fall,
It rises again, standing tall.
For within its heart burns a fire bright,
A flame of hope, a beacon in the night.
In the face of adversity, it finds its voice,
A testament to its unwavering choice.
So let us salute the brave self within,
A warrior of courage, against all sin.
For in its courage, in its daring quest,
It finds the strength to rise, to be its best.
